# An Introduction

*The Bahamas Film Studios at Gold Rock Creek is located on the beautiful Island of Grand Bahama. Situated on 3,500 acres, the Studio offers a wealth of options. Our open water filming enclosure is one of the largest facilities of its kind in the world.*

*Having provided the facilities for the filming of Disney's "Pirates of the Caribbean: Dead Man's Chest" and "At World's End," the plans for the Studio include making it the most complete and efficient production center in the world.*

*In this brief introduction, you will learn about the amenities we now offer and our spectacular location. Our island is very near to the United States, but our location is a world away from any existing facility located there.*

*The Government of The Bahamas is very supportive of the Film and Television Industry and offers a generous incentive program.*

*Please call us to learn more. We look forward to serving you!*

# Key Amenities

The Bahamas Film Studios offers flexibility, the space, and the peace and quiet necessary for a smooth, efficient production.

With ample, well-appointed production office space -- our clients enjoy the comforts of the home office in a tropical paradise. With more than 12,000 square feet and 24 spacious offices, which can be configured as doubles, quads and more, The Bahamas Film Studios facilities can comfortably accommodate large crews.

Building A (pictured below) offers an executive bath with walk-in shower, four restrooms and two fully-equipped kitchenettes. Building B offers four restrooms and two showers. Both production facilities feature a covered breezeway. These buildings are perfect for a variety of uses.

# Key Amenities

The Bahamas Film Studios meets the needs of production support departments, with a spacious Wardrobe Facility, including tailor shop, laundry area, and baths fit for any star.

Thoughtful attention has been given to these support areas. Our Wardrobe Facility even includes an outdoor dying area, screened porch, barbeque and picnic areas. Our Property Storage Warehouse includes an office area and partitions for separate work and storage zones. The Set Dressing Workshop, with its large, front-and-back overhead doors and tall, open-span ceilings, doubles as a small sound stage. There are many additional buildings available for storage and workshop space.

# Key Amenities

The property includes an 8,000 foot-long runway, large enough to accommodate a 747, and a heliport near the production areas.

With 3,500 acres, The Bahamas Film Studios offers the space, privacy and resources to provide endless possibilities....

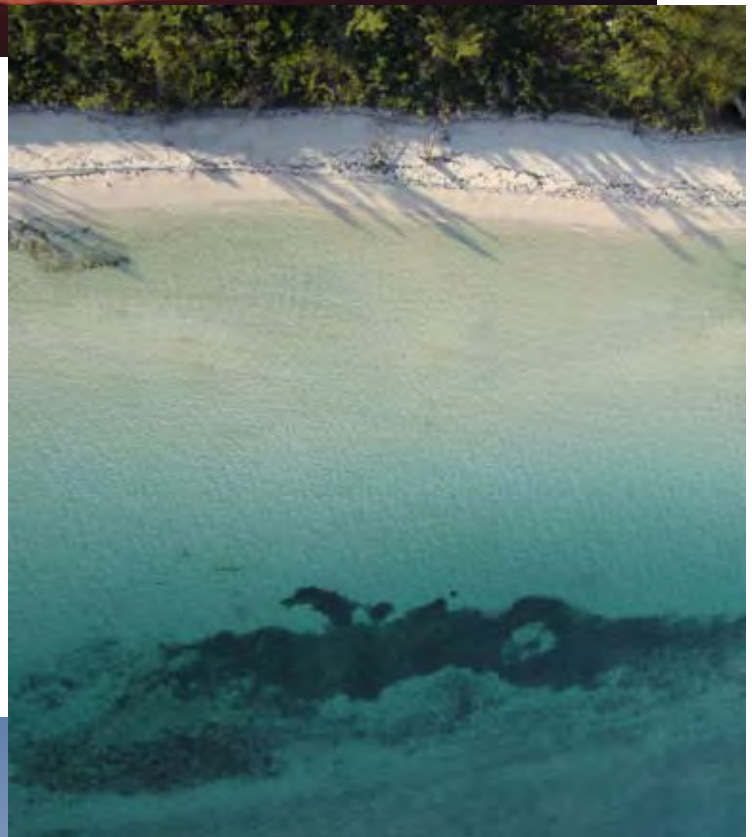

# Locations

*Imagine the possibilities....*

*The Bahamas Film Studios is located on an island a mere 20 minute flight from the hustle and bustle of Miami, but the change in scenery is a world away. The powder-sand beaches, shallow turquoise waters, pine forests, lush tropical flora, open roads and the variety of architecture provide bountiful options for locations, in close proximity to the Studio.*

# Locations

*Crystal clear, azure water surrounds our island, with turquoise shallows giving way to deep blue seas. The Bahamas boasts one of the largest underwater cave systems on the planet and “blue holes” are common both inland and close to shore. Clarity, brilliance and hypnotic beauty best describe an underwater experience in The Bahamas.*

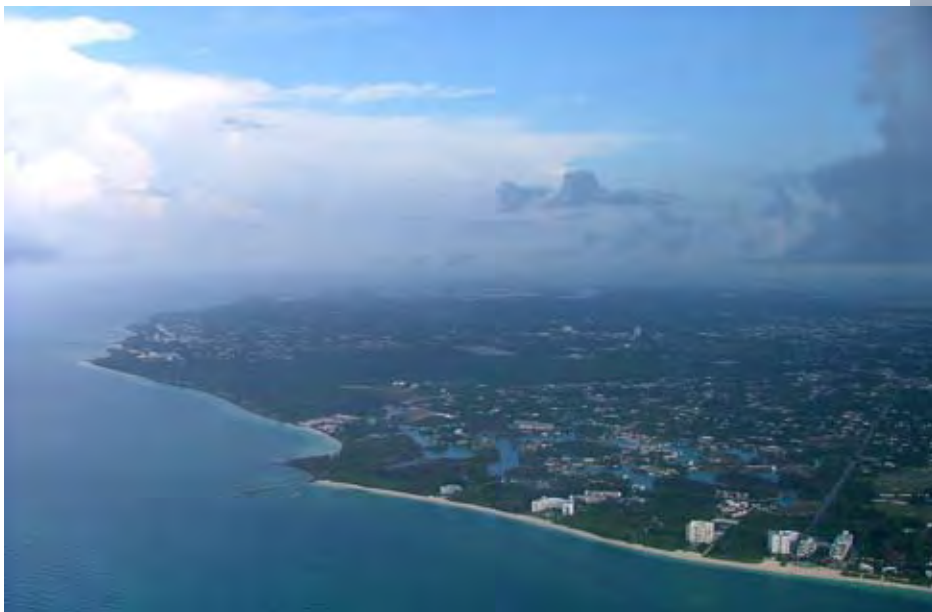

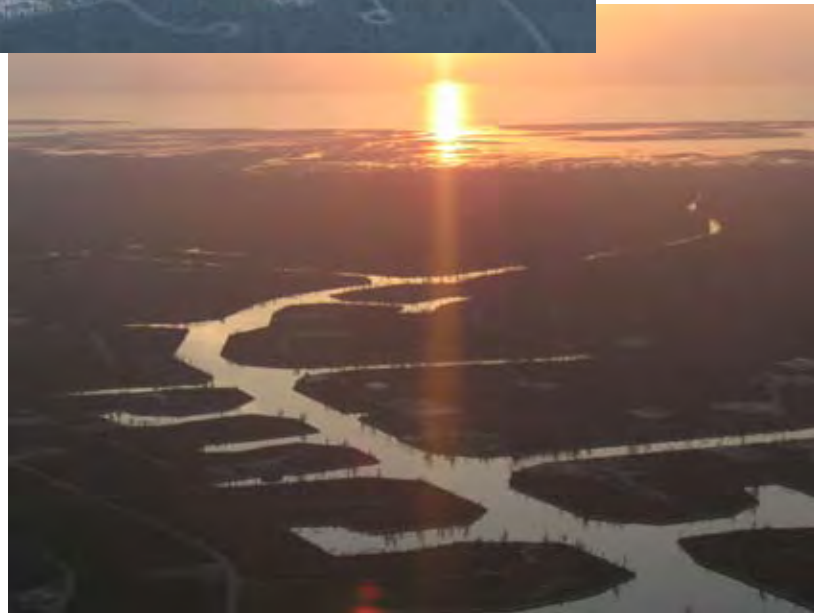

# Locations

*Grand Bahama Island is known as the “Venice of the Caribbean” with miles and miles of waterways and canals.*

# Locations

*The beaches and cays around Grand Bahama Island are stunningly beautiful. With an island 76 miles long and approximately 800 square miles, and a population of only 48,000 — spending an entire day on a breath-taking, deserted beach is commonplace.*

# Locations

*A mild climate and plentiful fresh water have created a tropical oasis of lush greenery on Grand Bahama Island.*

# Locations

*A variety of architecture exists in this cultural menagerie -- from Scottish to Mediterranean, and of course, Caribbean....*
